

Plastic feed tray CIXX0104001

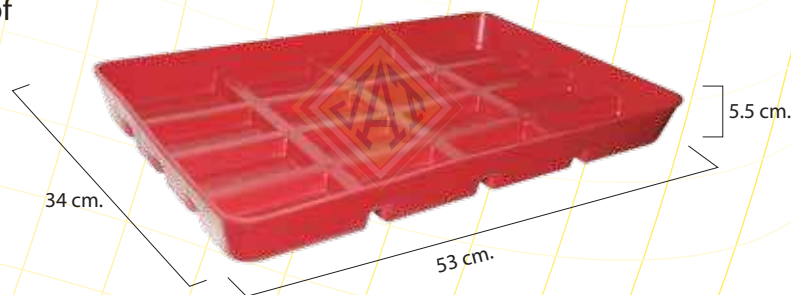

Initiation chicken tray

Get your chicks off to a strong start and help prevent feed waste during the first days of a new flock.

JAT trays help minimize feed loss and provide plenty of room for birds to gather and eat.

Features and benefits

- ◆ Larger size compared to the competition.
- ◆ Fast and easily stowed.
- ◆ 16 compartments that provides better feed distribution and reduced cost.
- ◆ Avoids food wastage
- ◆ Heavy-Duty design and construction.
- ◆ Ribbed bottom and sidewalls maximize strength while preventing feed loss. The ribbed design also reduces loss from chick scratching.
- ◆ Smooth surfaces make JAT trays easy to clean and disinfect to reduce the risk of disease.

Peso: 840 gr.

Material

Durability: Virgin High Density Polyethylene with Superior Impact / Wear Resistance.

Added U.V., antioxidants and UVR Protection for Extended Life.

Capacity

Feeds up to 100 chicks.

Substitute product
